2026 President's Report

Welcome to the 103rd Kellerberrin and Districts Agricultural Show.

I would like to sincerely thank the committee for the enormous amount of work that has gone into making this Show possible. Events like this do not happen by chance. They take planning, patience, late nights, and many willing hands. To the committee members, volunteers, exhibitors, stewards, sponsors and everyone who has contributed – thank you.

We also acknowledge with gratitude the fundraising efforts and the grants received to support this years Show That support makes a real difference. It helps strengthens the Show, improves what we can offer and ensure this important community tradition continues for future generations.

There is a great deal to be excited about this year. From the displays and competitions; to the entertainment, stalls, food, animals and family activities; The Show is once again a place for people of all ages to come together, catch up, learn something new and enjoy the day.

This year's Show is also a wonderful opportunity for Ag EDU-TAINMENT – learning while having fun. It helps people, especially young people, see the full journey of agriculture: from 'paddock to table': from sheep to wool, and from wool to the jumper we wear.

These hands-on experiences connect everyday life back to the farms, families and industries that make it possible. Check out the yellow brick road competition at this year's Show.

I encourage everyone, especially children and young people to have a go and enter the Exhibition sections. Whether it be cooking, craft, photography, flowers, produce, schoolwork or any other section. Every entry makes the Show brighter and more interesting. It's a chance to learn new skills and build confidence; share what you have made or grown and be part of a proud community tradition. Agricultural Shows continue to play a valuable role in bringing rural and town communities together celebrating food and fibre and supporting local business and volunteers.

Let us celebrate the hard work, generosity and community pride that have made this 103rd Show possible. I hope everyone enjoys a wonderful day and support the exhibitors and stall holders.

Thank you.
Roxanne Shepherd.
President.

SPICED CARROT MUFFINS

Ingredients:

1 ½ cups SR Flour	¼ cup chopped Walnuts
½ cup Plain Flour	4 large Carrots, coarsely grated
1 teaspoon ground Ginger	1/3 cup milk
2 teaspoons ground Cinnamon	1 cup soft Brown Sugar
½ teaspoon ground Nutmeg	3 Eggs
½ teaspoon Bicarb Soda	¼ cup Oil
	1 teaspoon Vanilla Essence

Method:

Preheat oven to mod hot 200degC. Lightly brush twelve ½ cup muffin holes with oil or melted butter.

Sift the flours, spices and bicarb soda into a bowl and stir in the walnuts and grated carrot. Make a well in the centre. In a jug, whisk together the milk, sugar, oil, eggs and vanilla and pour into the well.

Fold gently with a metal spoon until just combined. Do not overmix- the batter should be lumpy. Overmixing will make the muffins tough.

Fill each muffin hole three-quarter full with the mixture. Bake for 20 – 25mins, or until the muffins are risen, golden and come away slightly from the side of the tin. Allow to cool for a couple of minutes, then gently loosen each muffin with a flat-bladed knife and lift out onto a (tea towel covered) wire rack.

Makes 12

*** Adjust oven temperatures for fan forced ovens as required.

MARBLED DARK AND WHITE CHOCOLATE MUFFINS

Ingredients:

125g Dark Chocolate, chopped	2/3 cups Caster Sugar
120g Butter, chopped	1 ½ cups milk
125g White Chocolate, chopped	2 Eggs
2 cups SR Flour	

Method:

Preheat oven to mod hot 200degC. Lightly brush twelve 1/2cup muffin holes with oil or melted butter. Put the dark Chocolate and half of the butter in a heatproof bowl. Stand the bowl over a saucepan of simmering water until the butter and chocolate have melted. Stir until smooth, then leave to cool. Prepare the white chocolate and remaining butter in the same way.

Sift 1 cup of the flour into a bowl and add half the sugar. In a separate bowl repeat with the remaining flour and sugar. Make a well in the centre of each. In a jug, whisk together the milk and eggs and pour half the mixture into each well. Fold gently with a metal spoon until just combined. Add the dark chocolate mixture into one bowl and the white chocolate mixture into the other.

Fold gently with a metal spoon until just combined. Do not overmix - the batter should be lumpy. Overmixing will make the muffins tough.

Fill each muffin hole with three-quarters full with spoonfuls of white and dark batter.

Using a skewer, swirl the batters together to create a marbled effect. Bake for 20 -25mins, or until the muffins are risen, golden and come away slightly from the side of the tin. Allow to cool for a couple of mins, then gently loosen each muffin with a flat-bladed knife and lift out onto a (tea towel covered) wire rack. Makes 12.

*****Adjust oven temperatures for fan forced ovens as required.

JUDGING HINTS AND TIPS

Please read the Schedule properly and follow the Rules and Conditions set out for each Section.

Note that Stewards have exclusive charge in arranging exhibits in each Section and may move any exhibit to another Class if deemed appropriate. Please check Sections for additional information.

ARTS & CRAFTS

- All Art is to be prepared for hanging. Exhibits on paper should be mounted and backed, ready for hanging.

COOKERY

- **ALWAYS** check the Schedule for recipe and number of items required.
- Cakes **MUST NOT** be cooled on wire racks.
- Prepare in sufficient time to enable exhibits to cool thoroughly before being exhibited.
- All cookery must be displayed on suitable bases to match the size and shape of the entry – square cake with square plate. White paper plates may be used. Cookery is to be suitably covered in clear bags (oven bags are good), sufficiently large to hold cut pieces and allow judges easy access.
- A biscuit is forced, rolled or cut. A cookie is dropped off a spoon or rolled by hand. Biscuits should be pale brown in colour and even in size and should snap as they break. Biscuits should be made separately, not baked as a slice and then cut.
- Chocolate cake should have a strong taste and aroma. NO Mud cakes – different recipe.
- Scones should be even in size and shape (approx. 2cm thick before cooking). Should be golden brown, finished with egg or milk. Dust flour off the bottom before presenting.
- Muffins are to be made in muffin tin trays – DO NOT use paper cases.
- Sponges should be level, yellow in colour and have a smooth top (no wrinkles). Crust on base and sides (no papering of tins). No custard powder should be used in recipe.

PRODUCE, JAMS & PRESERVES

- Jars with plain screw tops or jars with clear cellophane covers must be used.
- All exhibits must be labeled with the name of contents, list of ingredients and date of making.
- Contents should reach the bottom of the neck of each jar. Wipe and clean each jar including inside the neck and the top of each lid, with a wet cloth to clean spills.
- Open jars to check for mould.
- Jams have small pieces of fruit. Conserves have large pieces of fruit.
- Watch for pieces of kernel in Apricot jam, as the kernel is poisonous.
- A preserve made with citrus is a marmalade, not a jam.
- Eggs should be displayed on a plate (no cardboard cartons).

FLORICULTURE

- Display Pansies and Petunias on collars and in separate water containers.
- For Floating bowls, flowers must be floating with no water showing. No stems touching the bottom of the bowl.

NEEDLEWORK

- Needlework may be pressed but not washed. Quilts may be washed to remove marking lines.
- Ensure dimensions match – sleeves are the same length and squares are square.
- Knitting – sew buttons on with wool.
- Knitted toys must have hand worked eyes etc. no buttons or purchased eyes.
- Exhibits attached to paper or other background material must be secured with pins – sewn fixings are not acceptable.

PHOTOGRAPHY

Please see the Section for conditions.

VEGETABLES & FRUIT

- Big is not always best.
- Cauliflower – leave shortened leaves around the head of the exhibit.
- Citrus fruits to have 5cm of stem of leaf attached.
- Clean citrus fruits with a soft nail brush and soapy water.
- Silverbeet/Celery – sit in water to keep fresh until the last minute. Remove roots for presentation.
- Vegetables and fruit to have 2/3 foliage reduction.
